

SMOKERS HAVEN

SCRATCH-OFF TICKET LOG

Page ____ of ____

Location: _____

Bin / rack #: _____

Week of: _____

[illegible]

Tickets are sequential: $\text{Sold} = \text{End \#} - \text{Start \#}$, and $\$ \text{Sold} = \text{Sold} \times \text{Ticket price}$ — this total must match the cash in the lottery drawer.

Count every pack at every shift change. Ink only; corrections get a single line-through with initials. Both employee and manager initial every count.
